RESPONSE TO RESTRICTION REQUIREMENT

SIR:

In response to the Restriction Requirement dated July 30, 2002, the Applicants elect with traverse the invention of Group I corresponding to Claims 1-8.

The Applicants respectfully traverse the restriction requirement by noting that MPEP § 803 states:

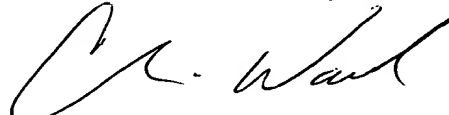

... If the search and examination of an entire application can be made without serious burden, the Examiner must examine it on the merits, even though it includes claims to distinct or independent inventions.

The claims of the present invention would appear to be part of an overlapping search area. Accordingly, the Applicants respectfully traverse the outstanding restriction requirement on the grounds that a search and examination of the entire application would not place a *serious* burden on the Examiner.

Therefore, it is respectfully requested that the requirement to elect a single group of claims be withdrawn, and that a full examination on the merits of Claims 1-9 be conducted.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
